

**SAVANNAH HIRSCH**  
**WELD COUNTY 4-H MEMBER**

*My name is Savannah Hirsch, and I have been in 4-H for 4 years. I can say that it has been a ride for me! Starting out as a shy kid to the club president has been a journey. All the tools of being a significant figure in society, I have learned through 4-H. I have learned speaking skills, leadership skills, how to work in a group, how to be active in the community and so much more. Through 4-H I have been able to see myself grow as a successful person. By learning and developing my skills I have been an officer for my club all 4 years, my first 2 years I was the vice president and then the last 2 years I was the president! I was elected as this 2012-13 year president too. 4-H is a great idea for anybody, it has so much to offer a person, I wouldn't change being in 4-H for anything!*
