

Bryce Schnug

Bryce Schnug is the son of Jaime and Troy Schnug of Grover, CO, and is a senior at Pawnee High School. He was involved in football, basketball, track, FBLA, knowledge bowl and Student Council and, and also was Captain of the football and basketball teams. When he graduates, he plans to attend Northeastern Junior College in Sterling with plans for a degree as a diesel mechanic. From there he would like to obtain a heavy equipment operating certificate. In that way he not only will be able to fix the heavy equipment, he would also be able to operate them.

He is a 9 year member of Grover Guys and Gals 4-H club and was involved in woodworking, market goats, and shooting sports. He was also the club treasurer.

Bryce enjoyed the community service projects in 4-H. Every year they've planted flowers around town for everyone to enjoy and also made Easter baskets for the senior citizens, and see them happy at receiving them.

4-H has helped him become a better leader as it showed him how hard work has its rewards. It gave him the opportunity to help the younger youth learn how to serve their community. It also gave him the confidence to be able to speak to adults and learn how to meet new people.

Bryce Schnug is the recipient of the Kenneth & Clarice Benson Memorial Scholarship and the Josh Jarman Memorial Scholarship.
