

## ART HOAG

### WELD COUNTY 4-H ALUMNI, COLORADO 4-H HALL OF FAME

*4-H helped prepare me for my adult life and professional career in many ways that I would not have expected. 4-H helped equip me for my adult life through personal interaction and leadership skills as well as networking skills, which I believe to be an essential skill in today's world. 4-H also helped equip me for my professional career by providing me with the necessary environment to develop interview skills and professional etiquette. The experiences and background that I gained throughout my seven years in 4-H have directly contributed to my accomplishments both in my adult life and in my professional career. Most importantly, 4-H reinforced my passion of High Power Rocketry and helped me to further pursue that passion.*
