

Gerald Haffner

Jerry got his start as a 20-year leader by serving as a coach for the Hudson Shamrock 4-H club's basketball team. He went on to be the club's organizational leader as well as project leader for shooting sports, goat, and beef projects. Jerry says that 4-H has given him great opportunities to meet and work with many great kids. He has also enjoyed getting to know, and work with, other 4-H volunteers.

Jerry lists raising Boer goats and gardening among his special interests. He is a member of the South East Weld County Fair Board, spends time with both the Weld Central School and Weld Central FFA booster clubs, and is involved in several other community projects. Jerry has worked on telephone systems for the State of Colorado for 38 years. He and his wife, Sherry, live south of Hudson.
